FOREWORD

The Christian Annual is issued each year by The General Convention of the Christian Church, with the Secretary as editor.

For nearly a score of years it has been edited by Rev. John Franklin Burnett, D. D., who served as Secretary of the Convention for a third of a century.

It is the purpose of The Annual to gather the facts of importance from all of the churches through their reports to their conferences. The secretaries of the conferences tabulate those reports and send them to the Convention office.

The value of The Annual in matters of accuracy of information depends upon the faithfulness and accuracy of the records kept by the churches and the thoroughness with which they are reported to the conference. The office of church clerk is therefore one of great importance, both that the church records may be kept and that the church be faithfully represented to the denomination and the world.

Conference secretaries have a great opportunity as well as a great responsibility in tabulating, in accuracy, correctness of names, addresses, details, and promptness. Churches and conferences have not always appreciated the value of good secretaries.

The Annual not only contains data of churches, but a full directory of ministers, both ordained and licentiate, with their addresses; a list of those who have closed their earthly work during the year; lists of other events of interest in the denomination, such as organization of new churches, ordinations of ministers, dedications and rededications of churches, parsonages, college buildings, and other events of importance. In it are the regional convention, conference, and denominational officers and boards.

It contains the proceedings of the several boards and of the General Board at their annual meetings, and the program of the church for each year. In it are the reports of all the departments of their official year's work. The Annual each year goes into the nation's libraries, into scores of college libraries, into the hands of the various denominations, and to many interdenominational agencies. The reader can easily see why we desire it to be accurate, representative, and reliable. It can be so only as conferences and church officers heartily co-operate in making it a worthy work. One can readily understand why the General Convention prepares uniform blanks for all churches and conferences to use. Uniform reports are necessary.

We know full well the shortcomings of the present Annual, but we have an ambition to make each Annual better, more accurate, and more reliable. It will be so as clerks and secretaries co-operate with the editor. We make our bow and express our personal appreciation to all who have endeavored to help make this issue, our first attempt, in any degree worthy.

Editor.

MISSION BOARD

The Mission Board enjoyed the presence of Rev. and Mrs. A. D. Woodworth, senior missionaries to Japan and Rev. D. P. Barrett, senior missionary to Porto Rico.

The Board approved the merging of *The Herald of Gospel Liberty*, *Christian Missionary*, and *Journal of Christian Education*, and nominated Dr. W. P. Minton, as an associate editor for the merged publication.

The Foreign Mission Department reported. See page 32.

The Home Mission Department reported. See page 37.

The Board of Publications reported. See page 38.

The Board of Christian Education reported. See page 41.

The Christian Publishing Association reported. See page 56.

Merger of Publications

A committee which had been studying the matter for some time reported on the merging of several of our publications. The report was adopted as follows:

After a careful study of the full situation with the end in view of serving our whole church and at the same time meeting our financial difficulty, our committee has come to favor and to recommend to the General Board, the proposition of merging three publications (HERALD, MISSIONARY, JOURNAL) into one publication with three weekly issues and one monthly issue each month, or forty issues per year of a sixteen page *Herald of Gospel Liberty*, and twelve (monthly) issues of a forty-eight page and cover (52 pages in all) magazine combining the *Herald* and *Missionary* and *Journal* in a monthly issue. The division of the monthly issue, it was agreed, should be largely on the following basis, subject to the direction and arrangement of the editors: *Herald*, 10 pages; *Missionary*, 14 pages; *Journal*, 24 pages. This leaves the four cover pages to be used as the editors may decide. Further, that the General Board petition the Southern Christian Convention and the Ontario Christian Conference to enter the *Christian Sun* and the *Vanguard*, respectively, in the proposed merger publication on such terms as may be arranged with the committee on research and promotion of publications.

Since *The Christian Missionary* has a list estimated at 1,000 subscribers

who have paid a year in advance and since it does not seem fair to ask the new publication to carry this load without revenue, it is recommended that since most of these subscribers were secured by *The Missionary*, at fifty cents per year that the Mission Board be requested to pay to The Christian Publishing Association (the publishers of the merged publication) for these advance subscriptions at the rate of 62½ cents per year as a compromise price between the amount received and the club rate of the new monthly publication. (Rate received for these subscriptions, \$.50; Club rates, \$.75c; adjustment \$.62½.)

In the light of the above estimated deficit, we recommend that the General Convention and each Department of the Convention (except the Department of Publications hereinafter specified) contribute to the support of the proposed publication 1% of its total annual receipts received for all regular work of the department, and that the Department of Publications contribute annually 3% on its total invested funds.

It is understood that we recommend the above contribution from the Departments for the year 1928 and that the General Board at its meeting in October, 1928, shall review the entire situation in the light of the experience up to that time and extend this arrangement or change it as it may seem wise at the time. It is further understood that percentages to be paid in 1928 are to be figured on the basis of the receipts of the Departments from October, 1926, to October, 1927, and that the payments shall be made quarterly to The Christian Publishing Association from the Convention and its Departments. It is further recommended that a committee be named by this Board to continue the research and be ready to report conditions and recommendations to the meeting of the General Board in October, 1928. (The same committee consisting of Eldredge, Minton, Kerr, Whitelock, Coffin, and Vaughan was continued.)

We recommend that Rev. Alva Martin Kerr be Editor-in-Chief of this combined publication and that Miss Genoa M. Wheatley be Editorial Assistant and that this arrangement for the publication of the merged periodicals begin January 1, 1928.

We further recommend that two Associate Editors be elected, one to be nominated by the Mission Board, and one by joint action of the Board of Christian Education and The Christian Publishing Association, and elected by the General Board as provided by the Constitution. These Associate Editors, together with the Editor-in-Chief shall compose an editorial staff which shall meet at least semi-monthly and shall have complete editorial oversight of the entire publication with the understanding that the Editor-in-Chief shall have final word as to what shall or what shall not appear in the publication. (Dr. W. P. Minton and Pres. W. A. Harper were elected Associate Editors.)

We further recommend that the name of the combined publication be *The Herald of Gospel Liberty* and that directly under this on the monthly issue be the words "Magazine Edition". "Combining the *Christian Missionary* and the *Journal of Christian Education*."

We recommend that all financial responsibility for the publication of the merged periodical be on The Christian Publishing Association and that while all Departments of the church will be expected to promote its circulation, that special promotion of subscriptions be delegated to the Mission Department for circulation among missionary organizations, and to the Department of Christian Education for circulation among Sunday Schools and Christian Endeavor Societies, all subscriptions and monies for subscriptions secured to be turned over to The Christian Publishing Association.

We recommend that the Editors plan that proper and fullest representation be given to the General Convention and to all its Departments, but it is our conviction that we will defeat the purpose and usefulness of the publication if propaganda is used too freely. We believe that articles, editorials, news, and all contributions aim to interest, please, instruct, and inspire readers of the publication and that the editors and Department Secretaries work to this end so far as possible that the publication may become both popular and helpful to the church and the Kingdom through those who receive it, and that it may keep from a savor of narrow propaganda, and that its chief purpose be

the promotion of the work of the church and the Kingdom in the most helpful way possible.

Among the more definite and helpful things in the present publications to be conserved, (because we feel they are of vital interest and consequence both to the church and to the building up of the periodical) are the following:

The Herald editorials, the Personals, the Trend of Events, the news of the church in the field notes, and in other ways, The Missionary editorials with missionary news and plans and promotion together with its helps to the Women's Work and the departments of missionary activity. The Editorials and Sunday-school and Christian Endeavor comments in The Journal, together with such special departments and articles as may be used in the promotion of interest and participation in the work of Christian Education.

In short, and aside from the interests of the combined publications, it shall be understood that all departments and work of the church shall be fairly and fully represented, with the understanding that the Editor-in-Chief shall have the final word as to what shall or shall not appear in the publication and that he shall consult with his associates as to what is for the interest and instruction of the readers and for the good of the work.

We would further recommend that a committee be appointed composed of Dr. F. G. Coffin, Dr. W. G. Sargent, Dr. E. A. Watkins, Mrs. Alice V. Morrill, to survey the church field and to ascertain the reaction of subscribers and non-subscribers to the various features of the new publication, and report what they may deem helpful to the editors of the publication and to The Christian Publishing Association Board and to the General Board.

Auditors' Reports

To the General Convention of the Christian Church:

We have completed the audit of the books as kept by your Secretary of the Bureau of Stewardship and Promotion, Rev. W. H. Denison, D. D., for period of October 1 to December 31, 1926. The books are in good condition and all monies received were turned over at the ending of every month by check to the Treasurer, Mr. J. O. Winters. All money in hand in the Revolving Fund at ending of period was also forwarded by check to your Treasurer, leaving nothing on hand when the outstanding checks amounting to \$318.21 were paid by the Winters National Bank, Dayton, Ohio, on which they were drawn.

Your Secretary of the Bureau of Stewardship and Promotion, becoming Secretary of The General Convention of the Christian Church January 1, 1927,

it was his desire that all receipts for his department be turned over at the close of every month to your Treasurer, Mr. J. G. Myers, Pleasant Hill, Ohio. As the first step toward this, your Secretary of The General Convention of the Christian Church, upon receipt of the money, Certificate of Deposit Number B7616 for \$20,000 and check for \$3,028.73, from your retiring Secretary, Rev. J. F. Burnett, D. D., the amount was at once turned over to your Treasurer. A Revolving Fund of \$2,000 for your Secretary of the General Convention was then created by his drawing on the Treasurer for said amount to be used for paying the expenses of his office during the month, same to be replenished at the close of every month, or oftener if need be, by drawing on the Treasurer for same when report of expenses is made to him.

The necessary books required for keeping the accounts in the office of your Secretary of the General Convention have been provided.

Respectfully submitted,

WOMAN'S MISSION BOARD

Thirty-nine conferences have their women organized in Woman's Boards with about 4,000 members. Six of these conferences exceeded their goals in gifts this year: Southern Indiana, Ohio Central, Merrimack, New Jersey, Western Washington, York and Cumberland.

Financially the Woman's Board cannot boast great gain over last year. In an atmosphere of general loss and deficit it is a joy to be able to say that as a Woman's Board we have "held our own."

During the year from sale of bonds we turned over to the Foreign Mission Department the sum of \$5,000 toward the purchase of property in Japan.

Counting this gift to Foreign Missions, the Woman's Board has given to the cause of missions a larger amount this year than was given last. We have paid out amounts as follows:

To Home Missions:	
Frontier	\$ 1,488.68
Americanization	930.52
Franklinton	2,796.50
Franklinton (Half of Thank Offering)	1,962.50
To Interdenominational Home Mission Work:	
Farm and Cannery Migrant Workers	\$ 250.00
To Foreign Missions:	
Sendai Field	\$ 4,006.77
National Workers	2,046.03
Special Foreign Mission Funds	2,682.13
General Mission Home Fund (Half of Thank Offering)	1,962.50
To Interdenominational Foreign Work:	
Christian Literature for Women and Children in Mission Lands	\$ 150.00
These funds as itemized and others for miscellaneous objects totaled approximately \$22,000.00.	
We have a budget for the new year including the following goals:	
Home Missions	\$ 8,000.00
Foreign Missions	13,000.00
Miscellaneous, including Administration, Literature, etc	4,000.00
Making a total budget for this year of	\$25,000.00

Besides current funds as indicated above we have the following monies invested:	
In Western Union Stock	\$ 1,300.00

REPORT OF THE COMMISSION ON CHRISTIAN UNITY

October, 1927

The Commission has addressed a letter in the name of the church to every national denominational gathering of which it has learned. With this has gone a statement of the desire and attitude of our church toward Unity, as expressed by the Urbana Convention. However, the World Conference on Faith and Order has captured the imagination of press and people this year in a way that has eclipsed minor gestures in this direction. The ending of that meeting has probably left an open way for more attention to and greater dependence upon other movements. To some national gatherings personal or telegraphic greetings have been borne.

The chairman of your Commission, by the invitation of that body, addressed the National Council of Congregational Churches at their convention in Omaha last May. The reception of the speaker and of the attitude of the Christian Church in these matters was most cordial. That body endorsed the Toledo statement unanimously and instructed its Commission on Interchurch Relations to continue conference with us looking toward the closest possible affiliation. They also approved the procedure with the Universalists and certain relations of comity with the Presbyterians in a less extensive area. Their hospitable attitude toward union, together with some of the resolutions passed have already been fully reported through The Herald of Gospel Liberty. The following resolutions by the Council should be in our thought in the consideration of this report:

That the Commission on Interchurch Relations be authorized during the next biennium to do its utmost to draw together into a closer federal union not only the two Christian groups with which we are in active conference, but all of the churches of the congregational order.

That the National Council place itself on record as being willing for the sake of promoting the larger unities which our churches earnestly desire even

to surrender its historic name, or to return to its historic designation (Churches of Christ) which is still largely used among us.

Upon a suggestion originating in our Commission, a meeting will be held by representatives of Congregationalist, Universalist, and Christian Commissions. This is now set for November 1, in New York.

Without indulging over sanguine expectations, or uttering prophecies, your Commission is very hopeful of the present prospects, but realizes that whatever may come from the present movement will take time.

We have continued to maintain an undisturbed relationship in The Federal Council of the Churches of Christ in America, the Universal Christian Conference on Life and Work and the co-operative organizations in missions and Christian Education. The co-operative attitude of the Christian Church in its work abroad is a very commendable feature of its foreign program. During the year Dr. George C. Enders of Defiance College attended the Lausanne World Conference on Faith and Order as a visiting representative by vote of our Executive Committee, a part of his expenses being borne by the General Convention. Dr. W. A. Harper was made a member of the Continuation Committee of this World Conference.

It is regrettable that there exists such an indifference on the part of churches and pastors to the financial responsibility of our membership in the Federal Council. Only a limited number of churches are responding financially and some sections are making no contribution at all. This absence of a sense of responsibility is appalling. At the present time the General Convention funds bear the larger part of the expense. If this method is continued, it means disaster to the Convention treasury. In that event it will ultimately mean our separation from the Federal Council. The Christian Unity contribution from the offering the first Sunday in February should be large enough to pay our apportionment in the Council and the entire expense of your Christian Unity Commission in an ever enlarging program. This Board should make plans at this meeting to make added provision for this situation.

Your Commission plans to continue its present propaganda, both within our own church and among other denominations. With an increasing vigor we hope to

Get the subject of Christian Unity on conference programs.

Get a more general and a more effective observance of the Christian Unity period.

Create a larger volume of tract literature for general distribution in our churches.

Continue to send greetings accompanied by a statement of the position of our church to the general meetings of other bodies.

Hold conferences for mutual understanding and fellowship with such other evangelical communions as may be responsive to our overtures.

To pray and urge our whole constituency to pray "That they all may be one" and to live in the practice of that prayer.

In view of the cramped situation in which your Commission has found itself this year, we request this Board to rule that the annual appropriation to its work from Publication funds shall be cumulative, in order that any unused portion in a given year may be available for a succeeding year.

We request that the Board of Finance be instructed to especially consider the financial needs involved in the work of this Commission and that, based upon their report, the General Board issue an appeal to our constituency for a loyal support of this Unity program.

Inasmuch as the National Council of Congregational Churches has placed itself on record "as being willing for the sake of promoting the larger unities to surrender its historic name or accept the designation 'Churches of Christ,'" your Commission believes that the General Convention of the Christian Church should take a similar action by which it would express its willingness for an adjusted name that will adequately represent the united followers of Jesus Christ, and your Commission requests that the members of this General Board who are willing personally to favor and promote such a step to stand and that their attitude be made a matter of record by the Commission.

It is recommended that the Commission on Christian Unity be instructed to seek November 1, or at the first opportunity, an agreement with the Congregationalists as to a basis of organic union, and that the said basis be ready for submission to the General Board October, 1929, or October, 1928, if possible; that the said basis be then sent by the General Board to the conferences meeting during the year October, 1929, to October, 1930, for their action; that the said basis be then presented to the Quadrennial of 1930 for disposition; that Godspeed be bidden our brethren of the Conference of the Christian Church in Ontario, if they desire to seek union with the United Church of Canada.

MISCELLANEOUS

The Board voted that in view of the strategic importance of the Christian Educational program of the denomination we call upon our churches to more intelligently distribute their benevolent offerings, placing due emphasis upon the foundational character of Christian Education. We would have our churches understand that if our Christian Education work continues to suffer as it does at present for lack of funds, every department of our denominational program must eventually be weakened to the possible point of extinction of all.

The Board also voted that, whereas the various denominations grant their Board Secretaries, Editors, Convention President, and Field Workers a vacation of one month each year, and whereas most of our churches grant their pastors a vacation each year, therefore, be it Resolved, That in the interest of the health and efficiency of our President, Board Secretaries, Editors, and Field Workers, and in the interest of our denominational work, said servants of our church should be granted a vacation of one month each year, and that to this end the General Board grant the Convention President and Secretary said vacation, and instruct the several Boards to grant said vacation to their respective Editors, Secretaries, and Field Workers.

At the request of the Ohio Council of Churches, as there is no State organization of the Christians in Ohio, three Ohio persons were elected to represent our Ohio churches in the Ohio Council of Churches: Rev. F. H. Peters, D. D., Defiance; Mr. Obed May, Columbus; Mrs. I. K. Wismer, Troy.

A Handbook was ordered published for 1928 and W. H. Denison, Hermon Eldredge, W. P. Minton, O. W. Whitelock, McD. Howsare, and A. W. Sparks were appointed to prepare it.

The same committee was appointed to advise with the Editor of The Christian Annual as to its contents and price.

All conferences were urged to use the new Uniform report blanks, as they cover the information needed by the church.

Warren H. Denison, Secretary.

DEPARTMENTS

Department of Foreign Missions

REV. WILSON P. MINTON, D. D., Dayton, Ohio, Executive Secretary

A year ago the Foreign Mission Department outlined to the General Board a number of definite things which it hoped to accomplish during the twelve months just closed. These are listed on page thirty-seven of the 1927 Christian Annual. The unusual falling off of receipts made it impossible for us to carry out the full program planned, but the following undertakings have been accomplished:

The McKnights were returned to Japan last November and have continued their work in the Sendai field. Dr. and Mrs. Woodworth were brought home for their regular furlough and he has done extensive deputation work. They expect to return to Japan by the first of the year. Miss Stacy has spent the year at Ishinomaki, and Miss Crew at Sendai, each living in a Japanese house and doing much by way of various helpful contacts with the people among whom they lived. The Frys and the Garmans have continued their regular work in the Naka Shibuya and Utsunomiya fields, respectively.

During the year a complete survey of our Japan field and work was made which resulted in the relocation of several pastors to good advantage; the launching of a Stewardship Campaign recently completed; the adoption of the policy of concentrating on several churches showing the largest promise of self-support; and the decision to carry out a co-operative evangelistic effort next year.

We continued the training of four theological students during the year and one of these graduated last spring and is now located in one of our churches. Another student, the eldest son of one of our pastors, has been added to the theological group. A young woman was graduated from the Kindergarten Training School and is now in active service, while the daughter of another pastor has been accepted as a Kindergarten Training student. Two other young women have been continued in the Bible Training School, with our help, and several others are preparing for Christian work without assistance. One pastor, Rev. K. Tsujimura, of Otawara, was lost by death during the year.

The Sendai Mission Home has been repaired and remodeled with the addition of two rooms at a cost of approximately \$1,700.

We have made the first annual payment of \$1,000 on the purchase price of \$7,000 for the church and parsonage buildings in Utsunomiya formerly owned by Mrs. Fry. This is a very valuable addition to our permanent equipment in Japan.

We have secured from the Woman's Mission Board the sum of \$5,000 for the purchase of suitable land as soon as possible upon which to erect a church building for our youngest congregation at Meguro, Tokyo.

Mr. and Mrs. Morton were brought home in May for a short summer furlough. Soon after arriving, Mr. Morton had to undergo an operation for appendicitis. In June he was ordained by the Ontario Christian Conference. After considerable deputation work in Ontario and New York State they returned to Porto Rico in September.

Miss Victoria Adams, who was placed under appointment last year, sailed

with the Mortons and expects to take up work among the young people of our Porto Rico field.

The Barretts came home in August for their regular furlough which the Board has extended to cover the present school year.

The pastor at Santa Isabel retired recently from the work and a lay preacher has been directing the services with good results. Two young women have been used in kindergarten and Sunday-school work during the year and also given some training at the same time. One of these is now in a training school to prepare for Christian work and we hope to send the other later on.

One chapel was built and furnished at a total cost of a thousand dollars which was raised by the Warren, Indiana, Church. We were not able to secure the other needed buildings in either field because of lack of funds.

We have had 116 baptisms in Japan this last year which is just six less than the previous year. Our Sunday-school enrollment was 2,047 which is not quite so large, and our number of enrolled enquirers dropped from 215 last year to 173 this year. Resident membership in the Japan church increased from 660 to 738, a gain of seventy-eight, while our total membership increased from 1,762 to 1,972, a gain of 210. The Japanese church gave for all purposes this year 7,284.95 yen, which is slightly less than last year, but of this amount 2,900.50 yen was toward pastoral support as against only 2,663.50 last year, a gain of 237 yen.

During the year there have been revealed a number of outstanding instances denoting progress toward self-support and self-expression in Christian service on the part of the Japanese which need to be recorded. 1. The Azabu Church in Tokyo continues without receiving any support from the Mission. 2. The Sendai Church has declared its intention to try to reach self-support in one-half the time which had been set as a goal, namely six years instead of twelve. 3. Three of our seven kindergartens are conducted without Mission aid. 4. For four years the Japanese Christian Conference has published its own religious paper, "The Christian," for the benefit of our Japanese Church people. 5. The Japanese Conference has adopted a superannuation plan to care for its own pastors. 6. The Ishinomaki Church has started a building fund. 7. One of our Japanese congregations composed of only twelve Christians has succeeded in building its own little chapel at a cost of \$600 (1200 yen). 8. Mrs. Mina Kitamura, formerly with our church and now teaching in Japan, who is a graduate of Union Christian College, has during the year given the sum of 1,100 yen (\$550) to our Mission as the initial gift toward a mission home in Sendai for our women missionaries. This is the largest individual gift ever presented by a member of our church in Japan. All of these things point encouragingly toward a stronger Japanese church in the years ahead.

In Porto Rico we had a gain of fourteen in church membership during the year making the present number 459. There was a loss of twenty-two in the Christian Endeavor membership and a gain of ten in the Sunday-school enrollment, making the number in each of these organizations 211 and 1139 respectively. The Porto Rico church gave for all purposes last year \$1,452.68 and the year just closed \$1,928.78, a gain of \$476.10. Pastoral support last year amounted to \$664.66 and this year \$839.25, a gain of \$174.59. It is interesting to note that the Porto Rico church gave this year \$126.35 for missionary work.

Following is a comparison of Foreign Missions receipts for the past two years:

	1926	1927
General Fund	\$49,544.34	\$39,714.27
Designated Gifts	7,671.72	11,619.50
Forward Movement	3,000.00	609.59
	<hr/> \$60,216.06	<hr/> \$51,943.36

A year ago we reported a debt of \$124.04, but a later corrected interpretation of the figures by the auditors showed a balance of \$875.96 instead. But the heavy decrease in receipts this year has caused us to assume a present deficit of \$10,589.51 in order to keep the work going at all. We believe there were three or four definite contributing causes responsible for the decrease in the receipts which may not be repeated another year. Be that as it may, we were forced in the middle of the year to cut twenty-five percent from the balance of the budget which we had appropriated; to stop all buildings for which we did not have the money in hand; and to give up the plan to send Rev. and Mrs. L. C. Fletcher to the field this year. Fortunately, Mr. Fletcher was able to secure a teaching position through the help of Mr. Garman, and they are now in Japan entirely independent of our mission. Mr. Fletcher is under a two-year teaching contract with Keio University in Tokyo. After the close of this term he hopes to join our mission force.

We followed about the same lines of missionary education as formerly, these methods being endorsed by the Missionary Education Movement. An added feature this year was the introduction of the report of the great Washington Foreign Missions Conference which nearly a hundred pastors purchased and used in their local churches to excellent purpose. Co-operation with the Board of Christian Education has been continued with encouraging results. The Secretary covered nearly 16,000 miles and spoke to more than 14,000 people in some sixty churches and twenty-one conferences. He was also able to represent the Department at the World Alliance for International Friendship through the Churches, the Foreign Missions Conference, and the Committee on Co-operation in Latin America.

1928

For the coming year the Foreign Mission Department hopes to retrieve some of the ground lost because of lack of funds, and to continue all the regular work being done at present. In addition to this we hope to do the following specific things:

IN JAPAN

Dr. and Mrs. A. D. Woodworth are to return to Japan by the first of the year and next spring Dr. Fry and Miss Crew are to come home for their regular furloughs, part of which will be spent in rest, part in study, and part in deputation work.

Four young men are to continue their training in the Seminary, one young woman in the Kindergarten Training School and two young women in the Bible Training School.

Plans of the Japan Mission for a Co-operative Evangelistic Campaign next year were approved.

A message of appreciation was prepared to be sent to Mrs. Mina Kitamura in acknowledgment of her gift of \$550 as the initial fund for a home for women missionaries in northern Japan, and it was decided to give the

women the privilege of adding \$6,000 to this gift to build the Mina Kitamura Mission Home.

We hope to pay the second thousand dollars of the \$7,000 purchase price for the Utsunomiya church and parsonage for which we contracted last year. A board floor is to be laid over the present stone floor of the church which is also used for kindergarten purposes.

Another kindergarten is to be opened in the Northern field and \$200 was voted for equipment for the same. The seven kindergartens now conducted are to be continued.

Other types of work in which we will share in Japan are the American School, Federated Missions, National Christian Council of which our Pastor Matsuno is secretary, Christian Literature Society, Japan Sunday-school Association, Newspaper Evangelism, Theological Seminary, Welfare Work, and Consumptive Aid.

Limited funds will not permit us to carry our share of the new building program for the American School, nor to build the churches so long asked for at Meguro and Azabu in Tokyo.

PORTO RICO

Because of continued ill-health even after an effort to recover during his recent furlough, Rev. B. W. Morton has asked to be retired from the work not later than next summer and the Board has felt it necessary to accede to his request.

The Barretts are to return to their work on the island soon after the close of school next summer.

It is hoped that Miss Adams may be able to carry on a great work among the young people and in the practical services of a visiting nurse for both of which she is well fitted.

We are very much in need of a property now for sale next to our Ponce church and also for a chapel in a promising station, but neither of these can be attempted unless funds are furnished aside from the regular budget. To lose the former property will greatly jeopardize the growth of our Ponce work particularly along Religious Education lines.

We will continue the training of the promising young lady worker previously mentioned who has already shown her ability and consecration, and before the close of the fiscal year we hope to enter a young man in the Seminary and another young woman in the Training School for Girls.

OTHER ITEMS

Some reduction was made in our share of co-operative work, but we hope to be able to carry, in a measure at least, the various activities that have demonstrated so conclusively that they are vital to the work of all missions and cannot be handled by any one mission alone.

Mr. G. Staley Hunt, of Elon College, and Miss Bessie Kniffen, of Greenville, New York, placed their applications with the Board for overseas service, but because of lack of funds we were compelled to ask them to wait until we are financially able to send them out. Another young man of great promise wrote the Board outlining his plan of preparation for agricultural missionary work in Japan, which will be completed in about two years, and the name of another young medical student who will be ready next year was placed on

file. There is vital need for these recruits in our two fields, but we dare not send them without sufficient funds to handle this advance in the work.

Dr. J. O. Atkinson and Mrs. M. T. Morrill were named to accompany the Secretary as representatives to the annual meeting of the Foreign Missions Conference in January.

The following Foreign Mission Budget for the year 1928 was adopted:

Porto Rico

General Work	\$11,312.00	
Special Work	3,378.00	\$14,690.00

Japan

General Work	\$28,000.00	
Special Work	4,200.00	\$32,200.00

Miscellaneous, including Administration		\$ 9,358.00
Deficit		10,589.51

Total budget for 1928		\$66,837.51
-----------------------------	--	-------------

It should be noted that one thousand dollars of this budget is a payment on the recently acquired church and parsonage buildings at Utsunomiya and \$10,589.51 is to apply on the deficit. The total amount actually asked for by our workers to carry on the overseas service of the entire Christian Church was \$112,274.51, which is none too much to do the work as it should be done. We should not lose sight of the fact that the Foreign Mission Department is trying to carry on in Japan and Porto Rico all the various activities of our church as carried on here by all of the Departments. This Department then is in reality the Christian Church abroad and the number of souls for which it is definitely responsible is more than three times as large as our obligation to non-Christians in America, and more than eleven times as large as our present church membership. And we are rendering this service to a people who do not have the Christian background found here.

Respectfully submitted,

W. P. MINTON.

SUPPLEMENTARY STATEMENT

In connection with the report of the Commission on Christian Unity, the Foreign Mission Secretary read the following which the Foreign Mission Board had adopted as part of their minutes:

A communication was read from Dr. Peter Ainslie conveying the action of the Woman's Missionary Society of the Christian Temple Church, of Baltimore, Md., requesting the endorsement of a petition to the denominational Foreign Mission Boards asking that steps be taken to place the direction of all their work on the Foreign field under a common Mission Board.

The Foreign Mission Board of the Christian Church deplores the injury to World Evangelization caused by a divided church and welcomes any sincere effort to bring the Foreign Mission activities of the various denominations into a more united movement.

This minute from the Foreign Mission Board was adopted by the General Board and referred to the Commission on Christian Unity for further consideration.

Department of Home Missions and Church Extension

REV. A. W. SPARKS, Dayton, Ohio, Executive Secretary

It is with pleasure that the Home Mission Board can again report churches going to self-support. The goal of the Board is that Home Mission enterprises will grow in strength until they are able to stand alone. We are gratified to have so many churches voluntarily reduce askings because of their increasing strength and this year Manchester, N. H.; Columbus, Ohio; West Mansfield, Mass.; and Red Cloud, Nebr., have gone to self-support. These churches are to be congratulated.

It was hoped that the indebtedness of the Board might have been largely reduced last year. This has not been done. When, however, it is considered that our new Home Mission Secretary had to spend much time getting acquainted with his work and the churches, and also that the year has been one of financial stringency, we believe it is a worthy achievement to have carried on all our work and only added about \$500 to our deficit.

Rev. A. W. Hirby and Secretary Sparks were appointed representatives of the Board to the Home Missions Council which meets at Cleveland, Ohio, January 23, 24.

In accordance with the policy of the Board, appropriations of all but five churches have been reduced. In four of these cases there has been a change of pastors. In two of these the amount to be given remains the same and in two it seemed wise to increase the amount \$100 each.

Under SUSTENTATION nine churches are being aided: Lynn, Mass.; Muncie, Ind.; Toronto, Ont.; Everett, Pa.; Bangor, Me.; Defiance College Church; Palmer College Church; Walnut Hills, Dayton; and Crown Point, Dayton, the amount appropriated being \$3,940.

Under CHURCH EXTENSION four churches are being aided to the amount of \$2,340: Vanderveer Park, Brooklyn; Hyde Park, Brooklyn; Second Church, Irvington, N. J.; Dayton View, Dayton, Ohio.

For FIELD WORK we are aiding the New York Central Conference, Maine Conference, Rays Hill and Southern Pennsylvania Conference, and Western Christian Convention, the last being a new grant this year. For some time the Board has felt the Western Convention ought to have a full-time field man. We were glad to learn Rev. Jesse M. Kauffman had been appointed, the Western Convention paying one-half of his salary and expenses and the Board the other half. The amount appropriated for field work is a minimum of \$2,350 and a maximum of \$2,500.

Under SPECIAL WORK appropriations have been made for New American Work, Indian, Western Washington, Franklinton, and Pastors' Schools. These amounts are about the same as last year with the exception of Franklinton. We have included in the budget for Franklinton the amount which we expect to receive from the Woman's Board as we have previously done with what the Woman's Board has given for New American Work and other enterprises. The amount appropriated for Specials is \$13,300.

Under OTHER APPROPRIATIONS are included: Administration \$5,000; Home Missions Council \$100; Missionary Education Movement \$25; Deficit on *The Christian Missionary* \$700; Annuity Interest \$200; Interest on Debt \$800; Literature and Printing \$700; Miscellaneous \$1,000; making a total of \$7,525. This makes our appropriations total \$30,455. We ought to

raise our deficit which is \$14,818.67. This makes our budget for the coming year \$45,273.67.

We now have in Church Extension for loans on new buildings \$35,693.37. This is loaned to twenty-two churches. We have promised \$5,500 to Columbus, Ohio, by March 1, the remainder of the \$10,000 to be paid as soon as funds are available. During this year \$4,500, which is the remainder of the \$10,000 due, must be paid to Vanderveer Park, Brooklyn, and if we have the funds available \$3,000 will be paid to Ferguson, Iowa. We are requesting all churches that have received church extension loans to pay them as soon as possible so that the money can be used to aid other churches.

As it was understood that the \$1,500 being a part of the Forward Movement funds raised in Canada and loaned to the Toronto Church should be used in Canada, we are passing our note for this amount to the Ontario Christian Conference. This will reduce our Church Extension funds that amount.

The following resolution was passed by the Board:

The Home Mission Board has cut its appropriations for regular work as much as it dares without impairing the work of the local churches. The overhead cannot be reduced and the work carried on. Payment as planned on the salaries of four field workers and the special work such as Indian, New American, Lumbering, and Negro represents only a small proportion of what the Christian denomination ought to be doing along these lines. Yet according to the action of the Urbana Convention the Board was instructed to open new work in strategic centers and to develop weak churches in such centers. To do this a larger income is necessary and also a larger church extension fund. The Urbana Convention instructed the Home Mission Board to increase the fund for Church Extension work to \$500,000 by January 1, 1930. At least \$100,000 ought to be added to this fund this year. Promises already made to Columbus, Ohio; Walnut Hills, Dayton; Vanderveer Park, Brooklyn; Ferguson, Ia.; and other places in urgent need of church extension aid will require the entire \$100,000. The Home Mission Board, therefore, instructs the Home Mission Secretary to go into the field to secure personal subscriptions for Church Extension, especially during the Home Mission Period, and also to solicit such subscriptions when visiting churches and conferences.

We believe we are aiding in the financing of every department of our church when we establish and develop strong churches in strategic centers. With the limited funds available considerable has been done and a number of churches have already become self-supporting. This work, however, can only be adequately done by having for our use the large Church Extension fund which the Urbana Convention instructed the Board to raise. The Board intends to do its best to raise this fund and only requests that it be given every opportunity to do so.

BOARD OF PUBLICATIONS REPORT

The Board of Publications, under the new constitution, has since the last Quadrennial Convention been organized with the Executive Secretary as Chairman, Rev. W. J. Young as Recording Secretary, and Judge O. W. Whitelock as Treasurer, who with two others, Rev. A. E. Kemp and J. O. Winters, constitute the Executive Committee.

The Treasurer, O. W. Whitelock, who previous to last year was Executive Secretary of this Department, has had charge of the funds of the Department from the beginning, and to a very considerable extent we are indebted to him

There are a number of other important pamphlets, folders, and booklets for free distribution of which we have on hand at the present time the following:

3,000 Origin and Principles.
2,700 Abner Jones.
500 Elias Smith.
2,900 James O'Kelly.
600 Barton W. Stone.

1,800 Evangelism of Youth.
2,100 The Church That Jesus Is Building.
4,000 President Coffin's Convention Address.

At the last session of the General Board the following resolution was adopted:

Resolved, that Dr. J. F. Burnett be requested to reduce to writing matters of Christian Church History with which he is especially conversant, and also that he collect in volume his addresses and sermons which have been such an inspiration to our people generally and to our ministers in particular, and that he submit these manuscripts to the Board of Publications.

You will note that the request appearing in the resolution referred to had not as yet been complied with, but our Board will in the immediate future endeavor to confer with Dr. Burnett further regarding the matter.

The Board of Publications has no funds except what came to it from the Forward Movement, which source has of course now ended. We have conserved \$12,000.00 of this fund as a permanent investment now drawing six percent interest. While there is yet a small balance on hand, we feel that we should now begin to plan for the future. We should be in a position to print more circulars, leaflets, and propaganda matter concerning the Christian Church, its principles and purposes; these should be for free distribution. We are furnishing quite a list of Heralds and Journals at the expense of this fund; this service should be continued. We are therefore asking the Board of Finance to permit the Board of Publications to participate in the denominational budget in a reasonable way.

HISTORY OF THE CHRISTIAN DENOMINATION

We further report that the book, "History of the Christian Denomination in America", by Morrill, printed in 1912 by order of The American Christian Convention, has been exhausted and is now out of print. That said history is the only exhaustive and complete one ever published by the Christian Church, and should be reprinted and brought down to date. While it is not a rapid seller, yet there is a constant demand for the book.

We would recommend that a revised edition be published, providing that the General Convention furnish the copy for additional pages and pay editorial and all other costs of furnishing copy to the Board of Publications. That the Board of Publications publish three hundred copies of a revised edition of this history and that it have made electro plates of the revised

publication for future use; that the Executive Committee of this Board fix the sale price of the book.

THE CHRISTIAN ANNUAL FOR 1927

The Christian Annual for 1927 was printed under the plan recommended by the Board of Publications at the December meeting, 1926, and proved to be a very satisfactory plan. We recommend the same plan for the 1928 Annual.

Your Board of Publications unanimously approved the proposed merging of *The Herald of Gospel Liberty*, *The Christian Missionary*, and *The Journal of Christian Education*, as this merger will do much toward solving a very serious financial problem in The Christian Publishing Association; but over and above this will almost immediately bring about a much larger circulation of the combined periodicals.

Department of Christian Education

W. A. HARPER, *Elon College, N. C., Executive Secretary*

I. REPORT OF THE BOARD OF CHRISTIAN EDUCATION TO THE GENERAL BOARD OF THE CHRISTIAN CHURCH October 20, 1927

The Board of Christian Education has just concluded a most successful session. There is a growing sense of unanimity of mind and purpose, a growing appreciation of the program to which we stand committed, and a growing realization of aims and objectives.

We are not able to specify particular evidences of significant progress. Rather, there has been a general advance. Our literature has improved in quality and efficiency. Our Sunday-schools, Christian Endeavor Societies, Vacation Church Schools, Colleges, Boy Scouts, Week-day Religious Schools, Summer Schools, Camp Fires—all show a satisfactory progress.

Only in one particular do we feel disappointed and that is in the financial support which has come to us. We received but \$8,315.55 in offerings for the past year. This is barely eight cents per member. Our people gave thirty-three cents last year for Home Missions and fifty-one cents for Foreign Missions. We are not asking that our people give less to these worthy causes, but that they take a statesmanlike view of the value of Christian Education and give more liberally for its support. It is no more religious to give for missions than for Christian Education, nor less so. If the great causes that head up in our Board of Christian Education do not receive a more considerate support from our people, every enterprise will suffer in the next generation. We are now in the midst of the offering period for Christian Education. This General Board is urged to address a strong appeal to our constituency, urging them to consider the strategic importance of Christian Education to our denominational life and calling upon the churches for a substantially large offering.

OUR YOUNG PEOPLE'S WORK

The Christian Church representatives to the Christian Endeavor Convention meeting in Cleveland, July last, passed this resolution:

While appreciating fully every effort toward correlation of young people's activities in the church, we, the Christian Church delegates to the Cleveland

C. E. Convention of 1927, request the Department of Christian Education of the Christian Church that in the final plans due emphasis be given to the place of Christian Endeavor in the local church.

With reference to this resolution the Board of Christian Education cites the continuous growth of our Christian Endeavor work and passed this formal declaration of purpose:

That all the values of Christian Endeavor be conserved in the development of our program of Christian Education.

Our Young People's Congresses are growing to such importance that we have felt the need of an official statement and request your formal approval of it.

Purpose of Young People's Work—

The purpose of all of our work with young people is fourfold: (1) To inspire young people (twelve to twenty-four approximately) with a vision of Christian living which shall lead to Christian choices; (2) Through worship, knowledge, service, and recreation to help youth to grow in the Christian way of life; (3) To strengthen the loyalty of youth to the church and to the Kingdom; (4) To train youth for effective Christian service.

Contribution of Congresses to Purpose—

The Young People's Congress of the Christian Church is a movement which seeks to contribute to this fourfold purpose by: (1) Affording a means of bringing together the young people of a number of churches in a given region, conference, or district of a conference to discuss problems of Christian life, local church work, and to receive help and inspiration from association with young people of other churches and their experiences. (2) Arousing an interest in the Christian Church through fellowship with other Christian Church youth; (3) Enlisting the participation of our youth of the whole church in definite Christian projects (Educational, Evangelistic, Missionary, Stewardship, etc.); (4) Cultivating a group consciousness among the youth of our church by making possible friendship among the youth of many churches, breaking down sectional lines; (5) Training for leadership for all lines of work.

Relationship to Local Church—

The Young People's Congress is in no sense a local organization, but one of the youth of all the churches of a region or conference. The young people who are chosen as leaders and officers seek to inspire the young people in every church in the largest way. Local organizations of youth, (Sunday-school Class and Department, Christian Endeavor, etc.) are promoted and helped. Any goal adopted by a Congress group will be shared by the youth of all churches and achieved locally through Sunday-school, Christian Endeavor, or any grouping found most helpful in the local situation. Plans of the Congress will be sent to a "key worker" or active boy or girl in each church, to be handed on for consideration and action by the young people of the church in their own way. Thus the Young People's Congress realizes its purpose when the work of the local church is given a new impetus through inspired young people, practical plans for a Sunday-school and Christian Endeavor work and an incentive in the form of a challenging goal or goals which they share with the young people of other churches.

Relationship to Conference—

The Young People's Congress should be recognized by the conference of which is it a part as a vital, official part of the work of the conference. The Congress officers and members (*i. e.*, youth from all churches of the conference) have a right to expect the sympathetic counsel and interest of ministers and adults in the Conference. The Conference has a right to expect the growing interest of the young people in its program, and that trained leaders shall be constantly moving into its work from this group. Rallies in connection with annual Conference sessions, joint institutes, report to the Conference from the president of the Congress, sharing of special work, sympathetic interest of adults in young people's work, financial sharing of the work by the Conference, are among the means of maintaining the close relationship between the groups that is essential. Every effort should be sought to find the best way to lead the young people as they grow older into the work of the Conference, and any attempt to exploit young people merely in order to have a reputation for the Conference avoided.

Relationship to Christian Church Program—

The Program of the Young People's Congress includes all phases of work approved by The General Convention of the Christian Church program, and endeavors to give youth an intelligent attitude towards all the work of all departments of the church and a sympathetic interest as they share in the work. The Congress may give special emphasis one year to one part of the church program, stressing another department's work the following year, but thought should be given to including all phases of the work in successive years, or within a given period.

Relationship to Other Churches and Interdenominational Work—

The Young People's Congress is a Christian Church Movement. By uniting the youth of a group of Christian Churches in a common program the first step is taken to work beyond the local church. A broader vision and a wider loyalty is given which naturally leads youth on to work with youth of other churches and denominations. It has been proven over and over again that the interest created in young people's work in Congress rallies has led scores of our young people into local, county, State, and international gatherings, councils, unions, and conventions, in which all denominations are united. The Congress is the Christian Church united movement of youth, leading them into larger fields for Kingdom conquest in the spirit of the Christian youth movement of our day. The Congress must constantly encourage the spirit of broad loyalty and fellowship among our youth.

Summary—

Thus, the Young People's Congress of the Christian Church is the federation of the Christian Church youth of a given region, conference, or district of a conference, with the opportunity to help youth find the Christian way of life, to inspire them for service in the local church, and to train them for service, to make more vital the local Sunday-school, Christian Endeavor, and all work with young people through challenging goals, suggestions, and plans; to lead youth into the Conference program in a natural and effective way, and to help youth of the Christian Church to see more clearly the great work

of the Kingdom in which all denominations must share and accept their place in the Kingdom task.

AS TO CURRICULUM

We are glad to report progress in the working out of an integrated curriculum of instruction, the goal which from the beginning we have set before us for realization.

We now have a complete cycle of courses in the Uniform and Group Graded lessons edited by our lesson writers, and in the Closely Graded lessons which our Publishing House handles. Many of our schools, too, for a quarter at the time are using elective courses dealing with missions, stewardship, life problems, and other themes of the Christian life. This tendency is more pronounced in the Young People's Department than elsewhere and is wholesome there. It is better for such courses to be offered in the regular Church School classes than in detached groups. We appreciate the co-operation of the other Boards in this direction.

Our literature, too, exhibits a general tendency to relate the truth our various lessons connote to actual life situations and typical experiences of the respective age group. We cannot too rapidly incorporate this method, because our teachers are not prepared to use it to the best advantage, but over a term of years we can make the transition with general satisfaction on the part of our people.

The two major ideas in curriculum building are now, recognition of the unitary process of education through integration and appreciation of experience as the basis of departure for extracting from life its inner meanings and returning these meanings to the field of conduct, enriched through the teaching process, as purposive controls for future living. Our editors have sensed both these tendencies and are progressively embodying them in their work.

We commend our editors on their splendid achievements and their forward looking plans for the constructive and consistent improvement of our Christian Education Literature. We appreciate the co-operation of The Christian Publishing Association, without which our efforts would be far less availing than at present.

OTHER MATTERS

As indicated in the list of nominations, the Board voted to discontinue its standing committees and to appoint from its staff and membership directors for specialized interests. These directors are to survey the whole field of their special departments and bring reports to the Board in its annual session. They are also to counsel with the executives of the Board throughout the year in the line of their assignment. In this way we hope to educate the Board in its own work.

We heard a statement of Dr. J. N. Dales as to the plans and aims of the "Starkey School for Christian Training". The Board went on record as follows: "We have listened with interest and sympathy to the report of Dr. J. N. Dales and authorize the appointment of a committee to study the situation and report back to this Board at its next annual meeting." The committee consists of Dr. R. C. Helfenstein, Dr. H. Shelton Smith, and Dr. A. B. Kendall.

Mr. John V. Sees, attorney, gave a complete report of the situation at Union Christian College. He thinks that the ownership of the Christian Church in the institution will be fully vindicated shortly. We instructed him to proceed as in his judgment is best to safeguard our Christian Church interests there.

A report of the condition of Franklinton Christian College was read and without action, passed to the General Board for disposition.

Dr. J. H. Lightbourne acquainted us with the generous proposal of the Board of Christian Education of the Southern Christian Convention to have their field secretary to work under the general direction of this Board and without cost to it. We are also under obligation to this same Board for donating the services of their field secretary to us for five weeks this past year. A resolution of thanks and appreciation was passed.

Dr. S. Q. Helfenstein was asked to prepare lesson titles, Scripture, and daily readings for the year 1929 in lieu of the quarterly reviews of the Uniform Lessons, giving emphasis to the principles and objectives of the Christian Church.

In view of our straitened financial situation, it was voted to grant no scholarships for the present academic year.

It was voted to send some one as the official representative of this Board to visit each of our colleges this next year as well as to visit our graduate students in the seminaries and to present to them the educational ideal which we cherish and toward whose realization we are laboring. We are under obligation to Dr. F. G. Coffin for having visited our Yale group for us this past year.

Each of our colleges now offers instruction in Religious Education as well as in Bible. There is a fine spirit of co-operation between our colleges and our Leadership Training Department.

We plan to conduct Summer Schools in each of our colleges, the other departments co-operating with us, during the next summer, including Union Christian College. Our Franklinton School is held in the winter.

The third Sunday in January we designate as a day of Prayer for Our Colleges.

Our offering day has been set for the Rally Day, the first Sunday in October, 1928.

We urge our Sunday-schools that are departmentalizing the Closely Graded lessons to use our Group Graded lessons for the Primary and Junior Departments and we plan a campaign to bring this about. We urge all our schools to use our own literature.

We respectfully suggest that the cost of The Christian Annual be reduced by such eliminations as appear practicable to the editor.

We unanimously approved the merger of *The Herald of Gospel Liberty*, *The Journal of Christian Education*, and *The Christian Missionary*.

This report was read to and approved by the Board of Christian Education as its official act to be so reported to the General Board of the Christian Church.

II. SUPPLEMENTARY REPORT OF THE BOARD OF CHRISTIAN EDUCATION

to the

GENERAL BOARD OF THE CHRISTIAN CHURCH

October 21, 1927

We have carefully considered the report of the President of the Board of Control of Franklinton Christian College and reached certain conclusions as follows:

1. We have no confidence in the success of any effort to raise outright

the \$20,000.00 necessary to complete the dormitory of Franklinton Christian College.

2. We are convinced that this building must be completed with all dispatch, or the morale of our colored people as well as of our constituency generally will be broken.

3. We are certain that our colored brethren need Franklinton for the conserving of their spiritual life and leadership and that with the new impetus which will come as a consequence of completing the dormitory, in due time the school will upgrade into a Junior College.

4. We have considered the liabilities of the school as set forth in the report, as stated by Dr. Omer S. Thomas, and by the treasurer of the General Convention and find the following facts:

I. CURRENT LIABILITIES

Sewage Disposal (Estimated)	1,500.00
Electric Fixtures	300.00

III. REQUIRED TO OPERATE SCHOOL THIS YEAR

Salaries	\$ 5,000.00

Insurance	600.00
Repairs and Maintenance	1,000.00
Promotion	200.00

Salary and Expense, Field Agent	500.00
Deitreik Bros. Steel Co.	2,346.04
Total	\$10,446.04

5. That the colored people are willing to do a good part by the school, as is evidenced by the signing officially for their conferences of a promissory note for \$40,000.00 with interest payable over a period of ten years, the first installment of principal \$4,000.00 and of interest \$2,400 falling due on March 1, 1928.

We therefore recommend:

1. That the General Board authorize the borrowing of \$20,000.00 payable over a period of ten years, with interest at 6%, giving a first mortgage on all the college real estate in security for the note or bonds in this amount, and authorizing the President and Secretary of the General Convention in its name

to endorse said note or bonds, when colored men rated at \$100,000 in the aggregate have also endorsed the said note or bonds.

2. That the payment of this loan and the outstanding current indebtedness be cared for by the annual payment of the colored people on their note.

3. That Rev. A. W. Sparks be asked to promote the Christmas Offering for current expenses of the school.

4. That this amount be raised as follows:

\$5,000.00 through the Home Mission Board, including the offerings of the Woman's Board.

\$5,000.00 to be raised through the Christmas offering (supplemented by individual gifts should this not exceed \$5,000.00).

5. That the Finance Committee be asked to include Franklinton in the budget for \$10,000.00 for current expenses.

6. That Miss Bessie Kniffen be notified at once of our desire that her contract terminate on December 31, 1927.

7. That our thanks are due the colored people for their liberal generosity and the Board of Control for its conduct of the school last year without a deficit, and especially for their reduction of the indebtedness by \$3,715.50 and for the improvements to the plant amounting to \$1,239.48.

A net gain of 3,276 per year during the last four years speaks fairly well for our people evangelistically. We ought to do a thousand times better.

Here's our chance.

Read this resolution which was adopted and endorsed by the General Board in October, 1927. "We recommend that our evangelistic effort for the

The Anthony Wayne Library

next three years be known as 'evangelistic crusades', in observance of the NINETEEN HUNDREDTH ANNIVERSARY of our LORD'S MINISTRY."

The first crusade is to be known as the Rev. James O'Kelly Evangelistic Crusade, the second the Rev. Abner Jones Evangelistic Crusade and the third the Rev. Barton W. Stone Evangelistic Crusade.

The crusades are to include an all-year-round effort of personal evangelism culminating in a special effort of a week or more at Easter time or some other suitable time of year. This special effort to embody, if adaptable, all the essential features of the Kingdom Enlistment program and that three days of a special heart preparation on the part of the church membership precede the regular Kingdom Enlistment Week program.

In connection with these crusades an effort will be made to enroll ten thousand crusaders. These crusaders are to strive to reach the standard adopted by the Men's Church League in its effort to enroll a million witnesses in all denominations.

"We recommend that this Board promote Life Service Declamation Contests after the plan pursued by the Ohio Council of Churches in promoting Peace Declamation Contests. That we ask the Board of Christian Education to co-operate with us in promoting these contests especially through the Young People's Congresses, and that we ask the college authorities to consider the advisability of giving a scholarship to those winning out in the finals."

Jesus made a great impact upon the thought and life of the world in three years. What about the record of the Christian church in the next three years?

No greater opportunity ever confronted a people than confronts us. Inspired by Jesus and the long list of heroes and heroines who have followed in his trail let us arise and do.

To adopt resolutions at Board meetings and conference sessions gets us nowhere until every pastor and every church member gets in "the game."

Board of Finance—April and October, 1927, Meetings

REV. WARREN H. DENISON, D. D., Secretary

THE FUNCTIONS OF THE BOARD INTERPRETED

The function of the Board of Finance is designated in two documents; one, the constitution which blankets the functions, the other gleaned out of the report of the committee on Finance which was approved by the Convention. The constitution provides that the Board shall have the general management of the financial program of the Convention. By action of the Convention this Board is to execute the plans that are laid down by the Convention and to direct the financial policies of the denomination. From the study of the action of the Convention in the adoption of the report we gather that these are the functions of the Board of Finance:

To gather data of the requirements from the boards and to examine and review the same. The askings to be based on receipts and needs.

To put these together to make a total denominational budget.

To allot this budget to the conferences on the basis of membership, value of church property, previous giving and pastor's salary.

To plan and promote an efficient financial program to meet the needs of the denomination. The method approved by the General Convention was the Every-member canvass, but this board does not limit methods of money-raising

to the Every-member canvass. It is merely the preferred method. In order to promote an efficient financial program it would involve several things:

Educational function on the part of the board.

The Board must devise if necessary special methods by which funds may be raised to meet emergencies.

The Board should emphasize the periods for different benevolences; that is, that the Board shall co-operate educationally with the different departments in accenting their periods when they are on.

This Board shall become a bureau of information on financial plans; an expert advisor in these matters.

That where necessary the Board shall initiate plans to the General Board as well as administer plans handed down to it from the General Board.

That it shall review, modify or endorse plans which departments inaugurate for specific purposes. It is presumed that all new enterprises before being presented to our constituency, first shall secure the endorsement of the Board of Finance.

To see that the departments keep within their periods and the regulations imposed by the Convention and to aid and accentuate these departments during those periods.

To see that funds are handled safely and in an orderly, regular manner by the Convention departments and to make sure that they are properly recorded, carefully safeguarded and regularly disbursed; to see that the Convention's provision as to handling finances is carried out in the boards.

Other duties from new conditions or assignment of the General Board will arise which may require special interpretation under this Board's general function of administering the finances according to the constitution and the action of the Convention.

It is to be understood that this Board is not a money-collecting or disbursing agency. The Convention Secretary should be the statistician of the Convention. Therefore he must have financial reports from all departments of the church. He is to receive and receipt all budget funds and disburse to the boards monthly reporting to them the source of those receipts. He is to require a complete report from all board treasurers and he is to furnish to the board treasurers a balance sheet of his account to them. That is, that there shall be a mutual exchange between the departments and the secretary's office so that there may be a perfect knowledge of the transactions that occur in the two offices. Department treasuries shall receive the following three types of funds:

1. From the General Convention treasury from the budget.
2. From all special funds.
3. From all remittances from special offerings.

These are to be counted on the total budget allotments to any board at the end of each year.

As to crediting special offerings the Board's interpretation is: that the offerings which in the report of the committee on Finance are called "supplemental offerings" include three types of offerings; (1) offerings for the period assigned to a department; (2) individual gifts; (3) designated gifts and that they are to be counted on the total percentage allotment to any board at the end of each year but shall not be estimated in advance as constituting a certain percentage of the budget. However funds contributed for new objectives not in the program of that Board, and funds for permanent endowments shall have no relation to either the denominational budget itself or that board's receipt of its full percentage in budget.

THE FOLLOWING RECOMMENDATIONS WERE ADOPTED

The recommendations of the Conference on Annuities held in New York were unanimously adopted and recommended as standards for the several boards of the Christian Church in matters of annuity.

The secretary was instructed to complete the information from the different boards and departments concerning the bonds of those handling money and was also instructed to notify each board soon after the annual meeting of

the General Board to see that the bonds of their employees are renewed from year to year.

That apportionment made by the Board of Finance last April remain unchanged for the present; that the receipts from the Woman's Board, invested funds, the Southern Convention, specials, individuals or any other sources be regarded as part of the total budget in the summing up at the close of each year; that since the budget of the convention when placed at \$200,000 in addition to special funds is inadequate to meet the actual needs of a progressive program for the church we consider it wise to keep the goal to be raised through the budget plan in the churches at the full \$200,000, urging our churches loyally to reach it as soon as possible.

That a Standing Committee on methods of accounting, sources of income and other data from the boards essential to the perfecting of the budget plan be appointed. Yantis, Denison, Atkinson, were named such committee.

An inquiry having been made by the Board of Evangelism and Life Service as to its amount due for collecting of Forward Movement funds, the Board fixed the amount at \$100.00.

That the Board of Finance adopt the following principle in determining the budget and request the General Board to approve the same: Appropriations made by the various Boards and included in the budget shall be regarded as binding obligations upon said Boards until paid or rescinded. In case the income of the board within the current year does not make possible the payment in full of said appropriations the unpaid appropriations shall remain as an obligation of the board until paid or rescinded. The Board of Finance shall have authority to determine whether conditional appropriations shall be included in the budget. An appropriation may be rescinded only when the anticipated work has not been done.

In view of the condition of the General Convention Treasury the Treasurer of the General Convention is instructed to use every effort to collect overdue interest.

The Board of Finance regards the General Board under a sacred obligation to the memory of W. F. Corwith to carry out his wishes and execute faithfully the trust committed to the church by him. It was Mr. Corwith's wish that the fund which he bequeathed to this Convention should be used as a permanent fund, the interest from which might be used annually where the greatest need existed. Your Board recommends that the interest on the \$45,000 be allowed to accumulate until the fund reaches \$50,000. After it has reached that point it shall be maintained as a permanent irreducible fund to be known as the Corwith Memorial Fund, the interest of which from year to year shall be used to meet the needs of the church as the convention or its ad interim agencies may determine. Additions to this fund may be made from time to time should donors so desire.

In view of the constantly mounting costs to maintain the work of the church which represents alike its interests in all sections, your Board recommends that the General Board request the Southern Christian Convention to contribute annually to the treasury of the General Convention at least one thousand dollars to aid in bearing these increased burdens and two hundred fifty dollars toward our contribution to the Federal Council of the Churches of Christ in America.

That in the Board's judgment the plan of ^hloaning the funds of the Convention and its departments to other departments, churches and institutions is not the best, therefore, the Board of Finance recommends that this procedure be discontinued in the future and that as rapidly as possible without injury to those already having such loans, all outstanding loans of this character be collected at maturity."

That the Board of Finance shall stress the importance of safeguarding all benevolent funds in the local churches, conferences, and the denomination so that all such funds shall be used for the purposes for which given.

That the Board of Finance make use of such plans, times, and occasions as offer themselves in a co-operative way to urge upon our people the matter of providing money for our church agencies in their wills, through life insurance and by annuities.

That in response to proposals and requests which have come to the Board

of Finance, this Board does not deem it expedient to recommend that an offering for Franklinton College be substituted for the Near East Offering on Golden Rule Sunday. We commend to the judgment of the Board of Control the consideration of a Christmas offering in all of our churches and Sunday-schools in the entire brotherhood of both white and colored constituency. The Board of Finance will gladly give its endorsement to this plan provided the Board of Control shall meanwhile pursue a vigorous and successful program of fund raising through personal gifts prior to that time. The preparation for the Christmas offering shall be confined to the month of December.

BUDGETS WERE APPROVED AS FOLLOWS:

General Convention	\$11,000.00
Board of Education.....	15,000.00

The \$15,000 is a positive item to be entered as a part of the permanent budget one-third of which is to be paid to the colleges monthly or as raised. The provision for the collegiate budget of \$35,000 should be eliminated, since colleges need no authorization from the General Board to raise funds in their own territory.

Board of Home Missions.....	\$44,863.00
of which \$14,618 is present deficit.	

Board of Foreign Missions.....	\$66,837.51
of which \$1,000 is payment on church bought at Utsunomiya and \$10,589.51 is deficit.	

Board of Evangelism

Its budget shall be the income of the Board of Evangelism and Life Service as received from the following sources; the amount of the annual offering in April; pledges already made to the Board; its portion of receipts accruing from the Budget; returns from private solicitation to be made only during the Evangelism period and remuneration received from Kingdom Enlistment Week services conducted by the Executive Secretary. If the total income shall exceed \$3,000 plus the expenses of the department, the remainder shall be applied to the present indebtedness, but in no case shall additional debts be incurred; the note of that department for \$1,700 was extended one year.

The Board has announced the following principles and asks hearty co-operation in establishing them:

In adopting and putting into successful operation the new Budget Benevolent Financial Program of the Convention in each conference and church.

In definitely enlisting more members of the church in its financial support and benevolences.

In urging larger individual giving on the part of the rank and file of the membership of the churches for benevolent support of the work of the Christian Church.

In impressing with their stewardship responsibilities those among us who have been blessed with larger financial ability, so that they may invest a larger proportionate share of their money in our work.

In safeguarding in a most sacred manner all benevolent funds that they may be used only for the purposes given.

In each church facing conscientiously the proportion between the current and benevolent parts of the budget.

THE BOARD CALLS ATTENTION TO IMPORTANT CONVENTION ACTIONS

That in the use of the new Budget system none of the values of the educational periods be lost, and that opportunity be given for free will or supplemental offerings in harmony with our church program.

The importance of the thoroughly prepared for Every-member canvass as the direct means of raising the Budget, training of workers, and establishing stewardship principles.

That a Benevolence Treasurer in the churches is important; and that all funds that are to count on the Budget be sent through him to the Conference

Treasurer. (That where there is only one treasurer that current funds and benevolences be kept in separate banks.)

That Conference Treasurers remit monthly to the Secretary of the General Convention accompanied with a statement giving information from whom received. (Such blank reports will be furnished conference treasurers free by the Secretary.)

That each church and its various organizations decide for themselves what funds are to be counted on their Budget apportionment, ever remembering that all Budget funds should be sent through the church treasurer so he may always be informed as to the status of the benevolent apportionment of that church, and to help avoid misunderstandings.

That the second Sunday in December is to be a denomination-wide day for enrollment of tithers.

That no large debts shall be incurred by any department without the consent of the Board of Finance.

That the financial plans of regional conventions and local conference should not be allowed to interfere with the finances of the denomination at large. Only thus can our general work be stabilized.

That pastors and churches give careful examination to the two parts of their budget and to secure a proper division, because of a strong tendency to increase local current expenses without a corresponding increase for the larger work, and frequently at the expense of the larger work.

That the convention is ever seeking for more accurate and complete financial reports by the churches to the conferences so that every church may know what the congregation and all its organizations actually do.

The Christian Publishing Association Report

By H. E. SIMS, President

OUR PUBLICATIONS

THE HERALD OF GOSPEL LIBERTY

The Herald of Gospel Liberty is our most important publication, yet it is our greatest loser in a financial way and it takes continuous effort to keep the mailing list up to around 4,700 copies per issue. We have trimmed the list pretty closely this year, with the result that there were cut off and dropped in the year 1,332 names. With this result, however, there are only 774 in arrears now as against 1,232 in arrears a year ago.

One recommendation we want to make in this connection, is that we cut off delinquent subscribers at the end of six months. After we have sent them our series of letters if they do not renew in six months, not many will renew afterward and not many like to pay their arrearage.

The financial losses on *The Herald* are beyond further endurance. The Christian Publishing Association can not go into another year as the past year. The losses on *The Herald* for the year were \$15,117.53 as per the book-keeper's report. This must be changed so that our publications will substantially carry themselves. There must be consolidation of some of our publications or a cutting down in size. We must have money to pay our indebtedness and enough to run our business; we can not have it unless our publication losses are cut so that the gains and losses substantially balance each other. A slump in our commercial printing would jeopardize our business at any time. The full report of the year's business submitted herewith will clearly reveal what I have stated above.

CHRISTIAN EDUCATION LITERATURE

We believe these publications have excelled anything before published by the Association.

<i>The Journal of Christian Education</i> shows a gain for the year of	882
<i>The Bible Class Quarterly</i> shows a gain for the year of	861
<i>The Young People's Quarterly</i> shows a gain for the year of	217
<i>The Boys' and Girls' Quarterly</i> was changed to <i>Group Graded, Boys' and Girls' and Children's Quarterly</i> .	
The old <i>Uniform Boys' and Girls'</i> had an average of (in 1926)	8,274
The new <i>Boys' and Girls'</i> had an average of	7,845
And the <i>Children's</i> had an average of	2,200

So we consider the showing very favorable for the *Group Graded Quarterlies*.

The Junior Herald shows a net loss for the year of 1,496. Possibly the *Children's Group Graded* may have affected this paper a little. But this loss is not the most serious loss on this paper. The cost of publishing this paper for twelve months was \$3,729.82, while the sales for the same period were \$2,388.39, or a loss of \$1,341.43, for twelve months. This loss can not be overcome by publishing the same paper in the same way and The Christian Publishing Association can not stand the loss. After consulting with Mr. Eldredge we recommend that we discontinue publishing it as a separate publication. We recommend the publication of one Sunday-school paper of eight pages, named *The Sunday School Herald*, which recommendation is more fully set out under the caption "*The Sunday School Herald*".

The Sunday School Herald. The tabulation shows a slight loss in circulation for the year of 695 papers, but it shows also that the July quarter pulled up strong.

The cost of publishing *The Sunday School Herald* for the year was \$6,816.64, and the sales for the same period were \$7,582.69, showing a net gain for the year of \$766.05.

Sunday-school Publications. The total number of our own schools ordering from our Publishing House is 965. Total number of our listed schools not ordering is 278. Some of these are probably closed as we get no answers to our letters from them; most of them are small schools and largely in the South. We should continue to follow up and ascertain how many are live schools and why they do not take from their own Publishing House.

Considering the strong appeal to the Country School made by the Cook Publishing Company, we are holding our own schools very well.

Graded Lessons. As requested at the last Annual Board meeting we sent out order blanks for the Standard International Closely Graded Lessons and for the Syndicated Closely Graded Lessons, with very satisfactory results. The orders for the July Quarter received, were:

Pilgrim	34 schools
The Standard	326 schools
Group Graded Boys' and Girls' Quarterly	434 schools
Group Graded Christian Children's Quarterly	169 schools

Total 963 schools

Some of the same schools take both kinds of Group Graded Quarterlies. Some of the schools taking the Closely Graded Series are of other denomina-

tions, but even at that a very splendid showing of our schools are taking Graded Literature.

JOB PRINTING DEPARTMENT

This Department of The Publishing House is the saving department of the House. The Job Printing for the year by the report of the bookkeeper shows a total business for the year of \$123,527.02.

BOOKSTORE

The Bookstore has made a much better net showing than the year of 1926, although the gross sales are less.

The Executive Committee is to make recommendations as to this Department but our suggestion is we can not get along without it, and that if it is carefully managed and properly pushed it can be made to pay, but it may require several years to accomplish this result.

THE BUILDING

The building has been abused somewhat by bringing in freight the front way; this can be avoided only by installing a freight elevator.

Rentals:

Since in August all our vacant rooms are let. The rents received are:

From Tenants	\$ 7,626.65
From Operating Departments	7,410.00

\$15,036.65

Operating Expenses	15,081.31
--------------------------	-----------

A Net Profit of	\$ 5.34
-----------------------	---------

As against a Net Loss in 1926 of	544.05
--	--------

Beginning June 1, 1928, The Gallaher Drug Company rent increases \$50.00 per month; all others remain same as at present.

ASSISTANT MANAGER

No one has been selected as Assistant Manager, and the duties of the Circulation Manager have been assumed by the Manager. During the Spring and early Summer he put on a home-to-home-award-campaign. This campaign was successful in some of our Churches, but comparatively few made a vigorous campaign.

We recommend that no Circulation Manager be appointed, but that the duties be in the hands of the Manager. As there is likely to be important action at this Board Meeting relative to our publications, we recommend that no definite action be taken as to circulation except as indicated above.

THE DAYTON GUIDE ACCOUNT

We are glad to report that in February, 1927, Judge Whitelock was called to Washington through Senator Fess and together they called upon William V. Hodges, Treasurer of The Republican National Committee by appointment. Mr. Hodges turned over to us a draft to apply on this claim in the sum of nine thousand dollars (\$9,000.00),

The balance of said claim is \$9,229.20.

The payment of the sum of \$9,000.00 saved the day for us this year. We hope that we receive the balance of this claim, it would help very much in "saving the day" for us in 1928.

CHRISTIAN MISSIONARY

The account that was unsettled at the time of our last Annual meeting was adjusted in a satisfactory agreement made for the publication of *The Christian Missionary* for the year 1927; this has been carried out in a very agreeable way.

THE CHRISTIAN ANNUAL

The Christian Annual for 1927 was printed under the arrangement made at the last Annual Board Meeting and proved entirely satisfactory. We recommend to the Board of Publications the same arrangement as last year.

Upon the motion of A. E. Kemp the following was passed and ordered to be presented to the General Board:

That the Board of Trustees unanimously elect O. W. Whitelock as Manager for another year, and that the Executive Committee of the Board of Trustees be authorized to exercise their discretion in the selection of a man who, after training in the business, shall be able to fill the position of Manager.

General Summary of Statistics for the Churches

The statistics are collected by the Conference Secretaries and compiled in the office of the General Convention. As long as conference years close at different dates the statistics cannot be of any given date but are compiled from the 1927 conferences.

We do our best to secure accuracy, but where there are so many authors and so many details involved, mistakes are unavoidable. The editor cannot fill in omissions, nor harmonize data. He is compelled to report data furnished by Conference Secretaries. Some Church Clerks are not careful to give full and complete reports to Conference Secretaries.

The Christian Annual can give only such data as Church Clerks and Conference Secretaries gather. Some find it easier to say "I don't know" than to find the information which the denomination and world are anxious to have. Then others do not know the spiritual values of accurate statistics.

These reports may not harmonize with official Convention reports, for Convention reports frequently show items not reported by the churches and conferences, such as personal gifts, bequests, interest, etc.

We shall be glad for any noted errors to be reported. We hope all churches and conferences will use the Uniform Blanks prepared by the General Convention. We desire to improve in accuracy every year and we ask co-operation from church clerks and conference secretaries.

MINISTERIAL DIRECTORY

We have taken every reasonable care to make this directory reliable as to name, conference membership, and post-office address. There are inaccuracies and will continue to be until pastors inform us and their conference secretaries of changes.

Sometimes a minister is reported by Conference Secretaries as a member of two or three conferences so we cannot tell to which conference he really belongs.

The Editor of The Annual does not presume to say who are members of conferences. We have done our best to correct the list up to the time of going to press.

Some names have not been reported which we have reason to believe are members, but we have no way of knowing except through the Conference Secretaries.

Before You Buy Stained Glass--- Learn its glamorous story

THERE is no story more colorful than that of Stained Glass, "The Only Christian Art." Before you order new windows for your church, you should know more of its history, its purposes, its possibilities, and its

making. We would like to tell you about the charm and loveliness of Jacoby Guild Windows, but first we want

you to understand the full significance of this matchless art.

This Interesting Book—**FREE** Church leaders, architects, and decorators have praised our "Handbook on Stained Glass", recognizing it as the most complete treatise ever written on the subject. If you are planning new glass for your church or school, we will be glad to send you a copy with our compliments. Jacoby Art Glass Co., 2700 St. Vincent St., St. Louis, U. S. A.

In 1640 the First Kilgen Organ was built in an Old Time Abbey

IN an ivy-clad abbey that had seen Knighthood flower and fade, Sebastian Kilgen built the first pipe organ which bore his name. That rare old instrument and its home are now in ruins; but the pride of craftsmanship that went into it is still preserved Generation after generation the Kilgen family has carried on this traditional craft devotion until now, after almost three centuries, it remains the creed of Kilgen Organ Builders.

In great auditoriums and houses of worship, both impressive and modest, millions of music lovers are inspired by Kilgen harmonious tones and stately melodies.

An interesting brochure will be provided to those who are interested in selecting a church organ . . .

Visual Instruction

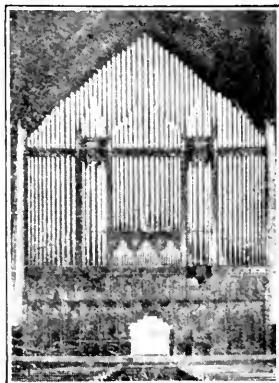

The eyes see in a second what the
tongue takes minutes to explain. Use
a Bausch and Lomb Balopticon and
notice the increased responsiveness of
the "listeners." The instrument illus-
trated projects both slides and opaque
objects and is ideal for use in class-
rooms.

"It would seem as if every Christian who has the great good fortune to enjoy perfect hearing would gladly give a liberal thank offering in appreciation of it, toward a fund to provide the blessing of an Acousticon for the deaf members of the church and community."

The Church Acousticon will enable the deafened of your congregation to again enjoy the spiritual consolation and uplift that ever are born of sermon and sacred music.

You may try the Church Acousticon in your own church for four weeks without charge or obligation.
